BRIEF RESUME OF MY QUALIFICATIONS:

(To be completed by Nominee)

I have been working in the ICT industry for the last 25 yrs, the last 5 years have been in a leadership role. I was responsible for sales across the Asia Pacific & Japan regions for Riverbed Technologies. This role encompassed all aspects of running a business from Sales, business development, building business cases for technology infrastructure deployed in Singapore and Australia for our customer and partners, overseeing a Channel and Distribution model, marketing programs and events, along with running an \$11 Million (USD) Opex budget.

I have recently taken a role at Palo Alto Networks, the leading Cybersecurity company globally, my role is QLD State Manager. I consciously decided to seek a role closer to home. 5 yrs of travel constantly was enough. My desire was to be more present at home, in the community and look for opportunities like this to give back.

I believe my experience fits well for this Director role for the club and provides you further diversity of thought.

KEY MOTIVATING FACTORS FOR NOMINATING:

I have been playing at Keperra since I was a teenager (socially), joining as a full member in 2003. This club and golf has been a large part of my life. I feel a true connection to the place. I love it! My down time from a stressful career is golf, my place is Keperra Country Golf Club.

I believe the projects Gav and the board are executing or have completed are fantastic, the club and the course still have so much more potential. I have a common sense approach to most things inclusive of the way I think about this course and golf.

My philosophy in life is to live it, not to take things too seriously or for granted. I have experienced loss and dealt with cancer both personally and via immediate family members. Life is short.

I would be honoured to serve as Director on the Keperra Country Golf Club Board. I believe I have something to offer the club and its members, as said I love this place warts and all!
